Please pray that the MRI will be clear, with no cancer cells left in my body, and for peace as I await surgery. Thank you so much for the prayers, and for every act of kindness you have shown me through the first part of this process. It has meant more than I can express.
**Bob Driggers**' body can no longer handle the chemo treatments. At this point, his doctor feels that Bob only has a few weeks to live. He is at home now on hospice care. **Tricia's** main request at this time is for you all to pray for peace for both her and Bob.
**Carl Lancaster:** Pray for the families of refugees who are fleeing for their lives from the violence occurring around the world.
