.

Izzy Turner (Youth): Pray for me and **my aunt and uncle**, that they can adopt me and that I can talk to **my sister**. Thank you so much.
Christina Custodio: I need prayers as I make decisions about possibly teaching in public school full time. God seems to be leading me in this direction, but sometimes I am slow to listen.
Chi Li: Praise for work and life
Kim Smith: No job prospects still. **Dad** got a good report from doctor. Mom still the same.
Stephen Gray: Prayers for **Sarah's** joint pain level this week.
Zoe Angel (Youth): Birthday on the 16th. Brother needs prayer. Pray for my relationships.
Susanna Phillips: Pray for my sister, **Brookelynn, and me** because she is turning 8 in December, and I don't think I'm ready. Thank you
Dale & Pat Midyette: Please pray for Allen's recovery from surgery.
Rex Keely: Please pray for **Annette**. Her back pain has increased dramatically. The recent surgery procedure has not helped. She will soon be going to Dallas to the Texas Back Institute.
Tammy Washburn (Guest): Several unspoken, **Julia Cochran** (cancer), **Tiffany & Patrick Smith**

Please continue to remember others in our family that are shut in and unable to worship with us regularly.

Friends & Relatives

Dale & Pat Midyette : **Rhonda Midyette (Dale's sister in law)** – health issues, for healing and hope
Wanda Williams: My mom, Jessie McNair, has become very weak. The doctor has arranged for palliative care to come in to help support and care for her. We appreciate your continued prayers for comfort and strength.
Caitlin Clearie (Guest): For the new school year and the new adventure that awaits!
Rebecca Graham (Guest): I'm starting my senior year at Furman, so please pray that it is a wonderful year in all aspects.
Puleo Family: **Coworker of Anthony, Tony,** may need surgery. He is worried about becoming homeless because recovery is 6 weeks.
Mitch and Doneli Read (Guest): **Niece** who overdosed – we will be taking **her 14 month old** for a week. Pray for our marriage
Hyneman Family: Praise that **Gina's sister, Melanie,** went home following her hip replacement that went poorly. It required a number of weeks, but her recovery is now progressing nicely. Thank you for praying her home.
Elise Kemmerer, granddaughter of the Murphree's : After additional tests and evaluations, the doctors decided that ADEM was the correct diagnosis for Elise and began the steroid treatments. She is responding well and has made steady improvements, and was able to go home . Thanks to the Father for his healing power. We are grateful for the prayers and ask that you continue to remember Elise as her recovery continues, and that she will be able to return to school soon.
Joshua Lorentz: Kyle LeBlanc serving in Afghanistan.
John Baker: Brother-in-law **Rick** has been diagnosed with A Fib.
Jennifer Colley: Daughter – new baby sleeping
Patrick Tessner: Please pray for my Uncle **Kevin Hensley** as he had a very serious surgery on Friday. Please also pray for his salvation.
Samantha Williamson: Prayers for my mom, **Donna** who has had many health struggles recently. She has lost partial sight in her left eye and doctors are letting her body try to heal itself as surgery is too risky at this time.
Cathy Dixon: Please continue to pray for my son and his family. He is now taking steps on his own. Thank you.
Jack and Anna Scruggs former members: **Jack** fell over a week ago and fractured his hip. They are not doing surgery and instead doing rehab and pain medication. He is having a lot of pain. He is at Rolling Green. Please keep Anna and Jack in your prayers.
Robbi Perry: My 81 year old mom, **Juanita Garrett**, was dizzy last week and taken by ambulance to the hospital in Lubbock Texas where she lives. They found a large, malignant mass on her sternum, surrounding and compressing her aorta (thus the dizziness). We're waiting for final pathology results, but treatment options do not give favorable outcomes. She is a member of the South Plains Church of Christ in Lubbock. I flew out to be with my 2 sisters. Please pray for healing, guidance and peace.
Leah Wylie: Please pray as I take my NCLEX that I will do my best.
Carl Lancaster: Prayer request for unnamed woman suffering with caretaker fatigue.
Dana Fjeran: My mother (Joyce Beers) had a heart catheterization Friday morning. She was almost 100% blocked in the right coronary artery and 80% blocked in a couple places so stents were placed Her valves are much worse than earlier this year and she probably would require a double valve replacement and bypass surgery, but she's probably not a candidate for that. The doctor has given her lots of blood thinners and will watch her closely because of her history of G.I. bleeding. He said she has very serious heart disease. Mom came home today. Please pray for my mom, dad and our family as we learn more about what the next steps will be.
Don Axsom: My mother, **Earleen Stricklin**, is having some health issues.
Toya Adams: Asking for prayer for a co-worker, **Karren Sewell**. She had her toe amputated. Asking for a speedy recovery and comfort with dealing with the surgery and other things that she is dealing with at this time.
Juliana Hays (frequent guest) : Please pray for my mother, **Stephanie Hays**. She has Goodpasture's Syndrome and needs a kidney transplant. Dealing with dialysis and also has a cataract.
Scott Tressler: (Frequent Guest) Please pray recovery and healing for my parents, **Wayne and Marilyn Tressler**. Both have been hospitalized recently.
Sarah Christian: Pray for **family and me, my grandchildren, my son and all my family in VA.**
